

Transforming Patient Experience

OPERATIONAL EXCELLENCE
Part of JBT Hub Up alliance
securing your project from
conception to manufacturing

INNOVATION
Strong patent portfolio and
know-how to secure your projects

EXPERTISE
Cross-functional teams in
fluidics, mechanics/
plasturgy, electronics/
software and QA

QUALITY
Our expertise enables us to
adapt our QA/Regulatory
system to your product
regulatory status

AGILITY
Company size and project
management system allow us
to be agile and innovative
problem solvers with a track
record of providing outside-the-
box solutions

SMART AND SIMPLE DEVICES FOR THE PREPARATION AND DELIVERY OF SUSPENSIONS AND DEPOT FORMULATIONS

To learn more, visit www.eveon.eu

How to secure the preparation and delivery of suspensions?

The field of suspension and depot formulation is thriving but is challenging both for patients and healthcare professionals.

A complex market with a wide range of specific products

From small to large size		Agglomerate or dispersed	Spherical or not
nm	>100µm		2.5µm 10µm
			
			Section of a human hair (60µm)

Sedimentation
Heterogeneous mixing
Dosing errors
Resuspension prior to injection

Needle clogging
Partial dose delivery risks
Large needle size painful

Loss of product
Sticky products
Foamy products
Overfill costs

Safety
Contamination
Sharps injury

Our customized solutions offer **reliable, cost-effective and easy-to-use solution** for homecare and professional care.

Intuity® platform is the market facilitator for suspensions.

- Reusable device
- Disposable cassette adapted to all standard primary containers
1 cassette = 1 treatment
Adapted to multi vials + IV injection
- Connected & smart e-device
Data tracking, data sharing via GSM, drug recognition

How would it work?
